SignUp4 Announces Support for Foreign Currencies

ATLANTA, GA, March 15, 2006. SignUp4, the leading event management software provider to the Global 2000, associations, and independent meeting planners, today announced support for foreign currencies in its product, “The Event Management System™”.

The new currency support was added due to the growth of SignUp4’s business internationally. A partial list of supported currencies and payment cards includes:

Canadian Dollars	Australian Dollar
Euro	Japanese Yen
British Pound Sterling	Mexican Peso
South African Rand	Eurocard

“The explosive growth we’ve experienced, not only in the US but internationally, has given us the directive for this new capability”, explains Nick Romano, President of SignUp4. “We now have clients running meetings in Europe, Asia, Australia and North America where localized currency and language support is required. We feel our solution has answered the mandate from our clients and the marketplace. Combined with the new payment capabilities added in 2005, our system’s features relating to payment are unbeatable.”

For a product demonstration or more information about SignUp4, contact a SignUp4 sales professional at 404.237.8945 or via email at Sales@SignUp4.com.
